

Could you email my comments made yesterday on this site while I was at the Atlanta hearing but couldn't get to the microphone. My confo is 2003521719512, and please send to the one in field 6 (or also sftsft@hotmail.com). I want to send them to my local Georgia media and representatives in Congress.

I see the notice that my comments are public, which for the comments is as it should, but in this era of spam, can you not show our email addresses?

Kudos to Peter Jennings or whichever brave soul got the obviously awkwardly pushed and very belated airing of the issue on ABC news a couple of nights ago. It must have taken someone with Peter Jennings's stature to be able to insist, and I appreciate the integrity of maybe an unknown person or maybe Peter Jennings.

Reply showing that comments read would be appreciated.

Getting my comments back in time for me to relay it to the local media while it's still hot would be appreciated.

Stuart
